

SUMIT JAISWAL

ELECTRICAL | PANEL TESTING & COMMISSIONING

PROFILE

Commissioning Engineer with 1 year 8 months of hands-on experience at Siemens New Test Centre (NTC), specializing in panel testing, LV drive testing and commissioning, electrical/control checks. Experienced with Siemens SINAMICS drives, And TIA Portal. Strong focus on troubleshooting, safety, quality documentation and reliable system handover.

PROFESSIONAL EXPERIENCE

Siemens India Pvt. Ltd. — New Test Centre (NTC)

Commissioning Engineer | 20 January 2025 – Present | 1 Year 8 Months

- Panel testing and commissioning of LV electrical and control panels, including power and control circuit verification.
- Testing of Siemens SINAMICS drives, including parameterization, functional checks, interlocks and fault troubleshooting.
- Verification of motor/cable connections, continuity, insulation resistance, earthing, component tightness and control wiring before energization.
- Use TIA Portal for Siemens PLC hardware configuration, I/O checking, online monitoring and control-logic testing.
- Troubleshooting, issue identification, corrective actions and technical support during testing and commissioning.
- Preparation of testing checklists, commissioning records and technical documentation for project handover.
- Coordination with engineering, project and customer/site teams for technical issue resolution and successful handover.
- Following LOTO, PPE, safe-isolation and zero-accident electrical safety practices.

TECHNICAL SKILLS

- Panel Testing & Commissioning — power/control circuits, continuity, insulation resistance, earthing and functional checks
- Siemens SINAMICS G120 /G120X /S120 — testing, parameterization and commissioning
- Siemens S7-1200 — PLC, I/O and control-logic testing
- TIA Portal — hardware configuration, online monitoring, I/O diagnostics and logic testing
- PROFINET — PLC/drive communication and signal verification
- Motor control, contactor logic, relay circuits, interlocks and fault diagnosis
- Electrical schematics, wiring diagrams, testing checklists and commissioning reports

SIEMENS TECHNICAL ACADEMY APPRENTICESHIP

- Electrical Apprenticeship | 2022–2024 | Siemens Technical Academy
- NCVT: 83.1% (582 marks)
- Awarded “Best Apprentice” for overall performance during apprenticeship.
- Academic performance: 1st Rank in 1st & 2nd Semester; 3rd Rank in 3rd & 4th Semester.

CERTIFICATIONS & TRAINING

- Electrical Safety Training
- Basic PLC Training

PERSONAL DETAILS

- Date of Birth: 12 October 2006
- Location: Diva, Mumbai
- Marital Status: Single
